

ICTA SEMINAR

JUNE 21ST, 2015

PRESENTED BY CLINT KOCH,
SALES DIRECTOR

ULTRA STEREO LABS INC.

HSW-602

6 Channel HDMI 1.4b Switch

The HSW-602 fills the need for a professional, complete HDMI solution for alternative content in cinemas.

HSW-602

6 Channel HDMI 1.4b Switch

The unit features a program bus and preview bus allowing the user to preview the video output before switching the input to the projector.

HSW-602

6 Channel HDMI 1.4b Switch

Includes a microphone and stereo line input that can overlay on the HDMI content. This allows a presenter to add live narration to a video presentation.

HSW-602

6 Channel HDMI 1.4b Switch

- 6 HDMI inputs
- 2 HDMI outputs (program & preview)
- Major HD formats supported including 3D

HSW-602

6 Channel HDMI 1.4b Switch

- 8 channel AES-EBU audio interface
- 1080p 3D HDMI video
- Automation interface for remote control

HSW-602

6 Channel HDMI 1.4b Switch

- Optical, TOSLINK, and SPDIF audio outputs
- Microphone and stereo input
- Independent HDMI ports, allowing access to all links

HSW-602

6 Channel HDMI 1.4b Switch

Convenient web browser interface allows for easy configuration and operation.

HSW-602

6 Channel HDMI 1.4b Switch

Browser interface can operate with a tablet or any web based device, including smartphones.
