Perfect the visual  
experience in  
every cinema,  
on any device  
around the world.

Standard  
Silver  
Screen

RealD  
Ultimate  
Screen

# Benefits

The future of screen technology is here – a highly sophisticated, engineered, polarization preserving screen that delivers incredible images in both 2D and 3D formats, using either xenon or laser projection. We call it the Ultimate Screen because it delivers the ultimate cinema experience.
